

## An Unnervingly Accurate Comparison

by Earl P. Holt III

In the summer of 2023, the Jews Media began an obvious PR effort to assist in Joe Biden's reelection by comparing him to Franklin D. Roosevelt, with the usual suspects like the **NEW YORK TIMES**, **CNN**, and **TIME Magazine** enlisting their services. Their purpose was to convince gullible dolts among "Democrats" and Independents that Biden's age should **NOT** become an issue in 2024, because FDR supposedly was able to serve as president while he was elderly and infirm like Biden was.

**Incapacitated Presidents: Joe Biden Mimicking FDR**

The lying Marxists who dominate the Jews' Media were too ignorant and witless to recognize just how accurate their parallel between Biden and FDR really was, **BUT NOT FOR THE REASONS THEY ALLEGED**. Much

like Biden's disastrous policies -- that nearly destroyed America by attempting to deliver us into the international socialist orbit -- it was FDR and his administration that began America's precipitous decline. In both administrations, a mentally incapacitated president gave our communist enemies an opportunity to seize control of the Executive Branch of our government **BY DEFAULT**.

We know this with certainty because of the tireless efforts of *U.S. Army crypto-analysts* within the **VENONA** project during World War II. These heroic and dedicated individuals successfully deciphered some of the coded cables sent by Soviet intelligence to their deep-cover agents in FDR's administration and to the **Communist Party of the USA** (CPUSA.) **VENONA** exposed the true nature and extent of Soviet penetration of FDR's Administration because many cables actually identified their agents by position and workname. (**VENONA** was so *ultra*-secret, that even President Truman was never told of the program.)

Just behind the Soviet Union, FDR became the world's second largest employer of spies serving the Soviet Union's secret police, the **NKVD** (civilian intelligence) and **GRU** (military intelligence.) His entire administration was honeycombed with Soviet spies in its upper echelons, who faithfully served Josef Stalin and the USSR, including FDR's own **Chief of Staff**, a man named Lauchlin Currie (Soviet workname "**Page**.") This also applies to Duncan Lee (Soviet workname "**Kokh**,") who was Bill Donovan's top assistant at the CIA's predecessor, the **Office of Strategic Services**.

It also includes the upper echelons of FDR's **Treasury Department**, which provided the officer corps for the "*Silvermaster*" and "*Ware*" Soviet spy rings. Prominent among these were Harry Dexter White (Soviet workname "**Jurist**,") Solomon Adler (Soviet workname "**Sachs**,") Harold Glasser ("**Ruble**,") Frank Coe ("**Peak**,") William H. Taylor ("**Acorn**,") and Sonia Gold ("**Zhenia**." ) (Btw, all were Jews except for Taylor.)

Harry Hopkins was the man who ran the *Lend-Lease* program that shipped American armaments to the USSR before and after America's entry into World War II. He was also the Soviet spy ("**Agent 19**,") who treasonously included enriched Uranium 235 and the blueprints for America's atomic bomb in his massive shipments to the Soviets. That's how the Soviets first obtained a nuclear weapon. (M.S. Evans and H. Romerstein. *Stalin's Secret Agents*. Threshold Editions: Chapter 9.) There were an additional 100 communist party members employed in FDR's *State Department* -- exposed in the "*Lee List*" used by Joe McCarthy -- many of whom were also Soviet spies, including one named Alger Hiss.

**Mugshot of Hiss Serving Time for Perjury**

Alger Hiss was a mid-level *State Department* official who was also a Soviet spy for both the NKVD (Soviet workname "**Lawyer**,") and the GRU (Soviet workname "**Mars**.") Apparently, he was such a *true-believer* that he was recruited by both Soviet intelligence agencies independently and

served each without the other's knowledge, thus demonstrating the "compartmentalization" that is universally found among successful intelligence agencies. **He was also the official responsible for nearly every detail of the February, 1945 Yalta Conference that intentionally and treasonously delivered Eastern Europe into the hands of the Soviet Union following World War II.** (Evans & Romerstein. *Stalin's Secret Agents*, Chapter 3.)

**At the time of the Yalta Conference in early February of 1945, FDR's Secretary of State, Edward Stettinius, had been on the job about two months. Stettinius was not a veteran diplomat, and had spent much of his career in the steel industry, so he deferred nearly every aspect of Yalta's proceedings to Hiss, a mid-level State Department subordinate. Hiss established the protocols for the Yalta Conference and did most of the negotiating for the U.S. Meanwhile, FDR experienced a series of strokes that left him drooling on the conference table when he wasn't staring off into space. MUCH LIKE JOE BIDEN'S DIMINISHED MENTAL CONDITION, FDR was obviously incapacitated and died less than two months after the Yalta Conference on April 12, 1945.**

This is where the similarities between Joe Biden and FDR are most clearly pronounced, and why the U.S. was, once again, in serious decline because of its subversion by an ideological enemy. The Soviet spies who basically ran the Roosevelt Administration worked to subvert nearly every aspect of our foreign and defense policies, just as traitorous n\*ggers and equally traitorous Jewish communists have feverishly worked to subvert America's national security and foreign policy during the Biden Administration. This is the practical application of Rahm Emmanuel's advice to Barack Hussein Obama (*paraphrase*) to **"never let a tragedy go unexploited."**

**Much like FDR in the final months of his life, Biden was a mere figurehead in his own administration, with real policy being made by traitorous and sinister forces in his administration's shadowy**

background, forces universally hostile to the interests of American sovereignty and democratic capitalism. For FDR, those forces were Alger Hiss, Lauchlin Currie, Harry Hopkins, and Harry Dexter White, among many others. For Biden, they were equally traitorous Jewish communists like George Soros, and Marxist traitors like Susan Rice, Valarie Jarrett, and Barack Hussein Obama.
