

Second-Guessing Trump

by Earl P. Holt III

Most conservatives, Republicans, and many others have independently recognized that the left rarely seems to know what we know. Its reliance on fake and filtered news -- concocted by the Pharisees of the fake news media -- leave the left at a disadvantage by being woefully ignorant of many important facts. This is never more apparent than when the left attempts to **"fact-check"** President Trump.

For example, in his March 4th ***State of the Union Address*** to Congress, President Trump listed several examples of squandered tax revenues that took place during the Biden Administration. These were uncovered by the new ***Department of Government Efficiency*** (DOGE,) run by Elon and his *Musketeers*. One of those that Trump mentioned was an \$8 Million expenditure on **"transgender experiments with mice."**

"Please Don't Mess with My Parts..."

President Trump was immediately assailed by the usual suspects, including some doltish female at the **Communist News Network** (CNN,) who wrongly accused Trump of falsely claiming that federal funds were being used in "**making mice transgendered.**" The fool in question had to revise her criticism of Trump after the White House released a list of **six federal grants totaling \$8.29 Million** that were specifically used to fund gender-transitioning experiments on mice.

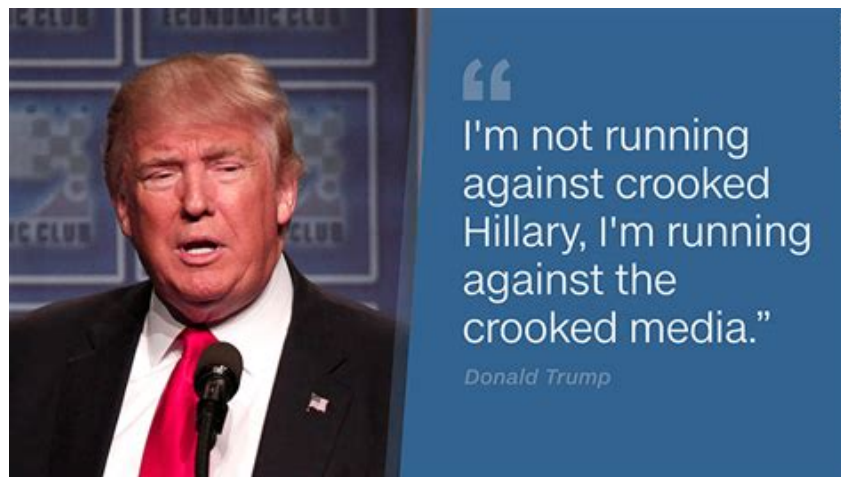

This phony effort to "fact-check" Trump by the pathological liars of fake news has taken place ever since Trump announced his candidacy for president in 2015, and has continued to this very day. The strategy seems to be for the fake news media to scrutinize every utterance made by Trump, and then hurriedly try to concoct a false narrative by seizing on some alleged mistake he supposedly made. Its purpose is to drown out and overwhelm all other potential narratives, in order to make Trump appear to be a fool, a liar, and a buffoon.

Since "*fact-checking*" by the fake news media is never more than a thinly-veiled odyssey into disinformation, nearly all their efforts have gone awry. They've repeatedly been exposed as corrupt and dishonest propagandists, whose primary purpose is to establish false narratives to benefit the political wing of their socialist movement, the **New Communist Party of the USA** (NCPUSA,) often mistakenly called "*Democrats.*" They **RARELY** retract or correct anything, and if they do, it's always somewhere around page 68 and *below the fold*.

For example, in early 2022, I published an article, "**Jews' Media Always Wrong,**" that appeared in both the **CITIZENS INFORMER** and on our website (cofcc.us.) It listed several claims made by Trump for which he was excoriated by fake news and the "*Democrats,*" but for which he was later vindicated when the truth eventually surfaced to corroborate his statements. These exposed the dishonesty of fake news and their comrades at the NCPUSA, with whom they work *hand-in-glove*.

Among these were Trump's claims that his offices in ***Trump Tower*** had been "*bugged*" during the 2016 presidential campaign, his claim that HCQ and *Ivermectin* were effective treatments for COVID, that COVID originated at the ***Wuhan Institute of Virology***, that Hunter Biden had been selling access to ***The Biden Family Crime Syndicate*** across the globe, and that Obama holdovers in the FBI and DOJ engaged in an unconstitutional and treasonous coup against him, both before and after he was elected president.

This strategy has continued to this very day, but its effectiveness has been significantly diminished for two very good reasons. First is the evolution of an "***alternative news media***," whose reportage is more honest and more accurate on our *worst* days, than fake news is on its *best* days. The other reason is that by virtue of its loss of **oligopoly** power, most people with a functioning brain have now learned to thoroughly distrust the **fake news** industry's narratives as well as its motives.

Thanks to the 2024 presidential campaign, nearly the entire nation was able to see what conservatives have known for 70 years or more. For the duration of his campaign and administration, fake news engaged in

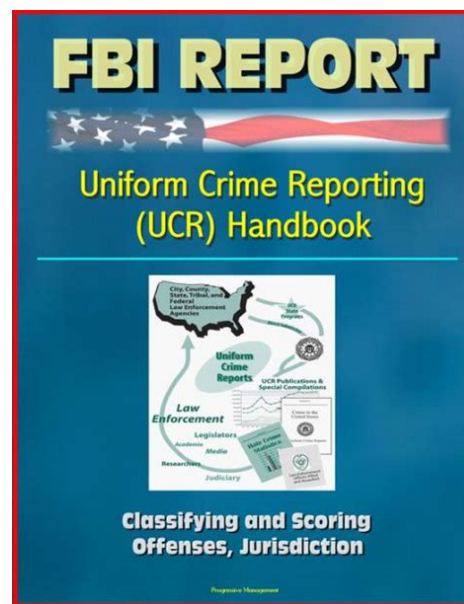

a conspiracy to hide Joe Biden's mental deterioration from the electorate. The rest of us easily recognized the obvious signs of Biden's lost cognition, even without medical training of any kind. Some, like Jake Tapper are now writing books in an attempt to "get ahead of" and profit from their **OWN** participation in that conspiracy to deceive voters.

During his September 10th debate with Kommie Harris, Trump raised the issue of dramatic increases in violent crime during the Biden regime, but he was immediately "*fact-checked*" by the so-called "*moderator*," David Muir of the **Ashkenazi Broadcasting Corporation** (ABC.) Even Ray Charles could have seen that violent crime **ROSE** dramatically under Biden & Harris, but the FBI's **Uniform Crime Reports** (UCRs) don't reflect that fact.

That's because the cities where most violent crimes occur -- like San Francisco, L.A., Chicago, New Orleans, DC, and New York -- no longer report complete crime data to the FBI for inclusion in the UCRs, owing to the humiliation of skyrocketing crime rates in those cities.

Journalistic "*Pimp*"

FBI's *Uniform Crime Report*

Trump was also *fact-checked* by Muir for claiming that 30 percent of U.S. cities don't report their crime statistics to the FBI. In fact, that number is 33 percent! (Weihua Li & Jasmine Ricard. "[Why We Should Worry About Missing Crime Data.](#)" *The Marshall Project*, July of 2023.) Muir probably knows this -- I've known it for several years and have written about it, as well -- but he was just being the usual pathological liar of fake news by serving as a propagandist for Kommie Harris. (Muir is a "*journalist*" in the same sense that Jeffrey Dahmer was a *gourmet*.)

Returning to some of Trump's *fact-checked* statements mentioned earlier, I wrote a later article in September of 2024, titled "[Jews Media 'Fact-Checking'.](#)" In it I included facts and evidence that vindicated Trump following several of his *fact-checked* statements.

When Candidate Trump publicly complained in 2016 that his offices in [Trump Tower were bugged](#), he was ridiculed by fake news as "*paranoid*" and laughed at by the NCPUSA's primary candidates. Since then we've learned from filings by *Independent Counsel* John Durham that not only was Trump spied on as a candidate, **he was also spied on as President.** Special Counsel John Durham's **Report** documented that Hillary Clinton's campaign paid computer experts at **Georgia Tech** and **Neustar** to *hack* into Trump's e-mail servers in **Trump Tower** while he was a candidate, and his White House e-mail server while he remained in office.

Trump was also vindicated when the COVID-19 *scamdemic* broke out: he tried to counter media hysteria by reassuring the public that COVID-19 was not a death sentence, and that [Hydroxychloroquine Sulfate](#) (HCQ) and [Ivermectin](#) were highly effective in combating COVID-19 viral infections. Both had FDA approval for decades, possessed a clean safety record, and were very inexpensive because their patents had run decades ago. Seizing the opportunity to attack Trump, the Jews' Media and *poseurs* of politicized medicine scoffed at him, particularly medical "*experts*" who dispense politicized advice on leftist cable channels like CNN and MS-NBC.

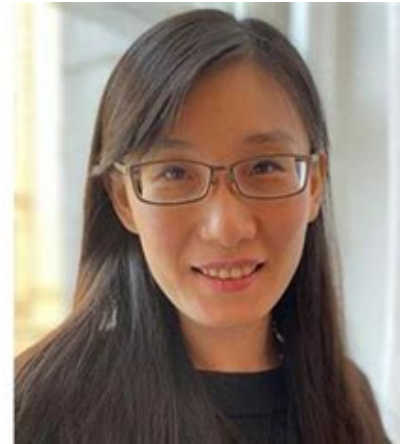

HCQ and Ivermectin in Tablet Form

Meanwhile, many **REAL** physicians -- who won't allow politics to dictate their practice of medicine -- successfully cured hundreds of thousands of COVID-19 patients with HCQ and *Ivermectin*, and without any harmful side-effects. Their experiences were confirmed by several recent clinical studies that demonstrated HCQ and *Ivermectin* are highly effective in treating COVID-19, thus exposing Trump's critics to be corrupt liars. **One physician alleged that the politically-inspired FDA ban on HCQ and *Ivermectin* in 2020 was responsible for an additional 500,000 U.S. deaths, because tens of millions of patients were denied this safe, inexpensive, plentiful and effective treatment due to politicized medicine.**

At the top right, it says "3-7-2025" in white. Below the text are two circular portraits: one of a woman labeled "Melissa" and one of a woman labeled "Dr. Gessling". Below the portraits is a red banner with white text that reads "Ivermectin: The Miracle Drug They Tried to Bury". At the bottom, it says "Follow Us @NursesOutLoud" and lists social media platforms: "Rumble X Facebook Instagram Twitch.TV".

Another Trump vindication occurred when he repeatedly claimed that the COVID-19 virus was genetically engineered in China's **Wuhan Institute of Virology** (WIV.) For this, Trump and everyone else making similar allegations were "*de-platformed*" by the cesspool known as "*social media.*" Powerful evidence has since accumulated that supports the theory that COVID originated at the WIV. In 2020, Dr. Li-Meng Yan, a Chinese national with an MD and a PhD, defected to America to expose the WIV's role in genetically engineering COVID-19 as a virologic weapon for use by China's military. She is the world's foremost authority on the Coronavirus and was the first to study it at the **Hong Kong School of Public Health.**

Wuhan Institute of Virology & Courageous Dr. Li-Meng Yan

In another example, Donald Trump made the allegation dozens of times that Hunter Biden had been jetting around the world in *Air Force 2* and selling his father's influence to foreign nations when Joe Biden was Vice President. According to **Secret Service** records, Hunter Biden made 411 flights to 23 nations on *Air Force 2* while his father was V.P. Trump was vilified by fake news for telling a truth they tried desperately to hide. Yet, following investigations by the **House Oversight Committee** and the

House Judiciary Committee, Ukraine, Kazakhstan, Russia and China were exposed as having participated in **Hunter Biden's influence-peddling scheme**. To date, \$23 Million in bribe money to the **Biden Family Crime Syndicate** has been exposed by House investigators.

Finally, Trump has been partly vindicated in his claim that the 2020 Presidential Election was stolen through **voter fraud** by the NCPUSA. For this he was attacked by fake news and indicted by a multitude of corrupt NCPUSA prosecutors at all levels. Subsequent investigations have revealed that vote totals reported by the largest cities and counties of most swing states often exceed their number of Registered Voters by as much as 30 percent. For example, it was recently revealed that Wisconsin has approximately seven million Registered Voters, but only four million **ELIGIBLE** residents at least 18 years old.

In a recent Oval Office press conference, Trump handed out red baseball caps to the news media emblazoned with "*Trump Was Right About Everything.*" That **DOES** seem to be the case, especially where he was fraudulently "*fact-checked*" by fake news and other liars.

Efforts by swamp creatures, fake news and the NCPUSA to undermine President Trump's credibility have merely exposed all of them to be corrupt and treasonous liars. Decent Americans have learned to reject their phony "*reportage*" and their concocted narratives, especially those allegations made against President Trump and other patriots. Like their spiritual father, the Devil, the minions of the left are willing to lie even if the truth would save their souls...
