

Politics & Psychopaths

by Earl P. Holt III

Revolutions that aren't constrained by the *Rule of Law* inevitably devour themselves. As Nobel Laureate Friedrich von Hayek observed in *The Road to Serfdom*, violent revolutions afford an opportunity for the most vicious and ruthless psychopaths to rise to positions of power. Stalin, Mao, Pol Pot, Castro and many others convincingly demonstrated this dynamic. Afterward, each of these psychopaths exterminated their opposition and many others considered to be ideological "*deviationists*."

PSYCHOPATHS: Stalin, Mao, Pol Pot, Castro

For example, the **French Revolution** began as a populist uprising against the *Bourbon Monarchy*, but it quickly turned upon itself during the "*Reign of Terror*." Robespierre, who helped inspire and organize it, soon became just another of its many victims. Likewise, before and during the **Bolshevik Revolution**, Leon Trotsky was originally one of the "*Troika*" that comprised the Bolshevik's leadership. However, after being forced to flee to Mexico for questioning the direction of the party, he was eventually hunted down and murdered there by one of Stalin's agents.

Likewise, during Mao's totalitarian reign in China, an estimated 60 million citizens were murdered during four separate purges that Mao considered necessary stages of his "*Cultural Revolution*." Similarly, Marxist Jews were the primary instigators of **student revolts** on U.S. college campuses in the 1960s. However, by 2024, Jews, themselves, became the targets of pro-Hamas and Pro-Palestinian student demonstrators, welcomed into the fold by their fellow Marxists.

With this historical background, it's interesting to see the schisms developing in the so-called "*Democrat*" Party in early 2025. Like their heroes mentioned above, "*Democrats*" like Nancy Pelosi, Joe Biden, George Soros, Barack Obama and Hillary Clinton are sociopaths -- if not psychopaths -- and no more constrained by *Rule of Law* than their communist mentors. For years, each has worked to see the *Rule of Law* jettisoned. Their assault on the Constitution, their addiction to voter fraud, their enthusiasm for open borders, their two-tiered system of justice, and their weaponizing of federal power make this very clear.

MORE PSYCHOPATHS: Pelosi, Biden, Soros, and Clinton

After four years of watching Joe Biden regress into a vegetative state, firsthand, the likes of Pelosi, Clinton, Obama and other "*Democrats*" unanimously remarked about how sharp and fit Biden was for office. Yet,

when it became obvious that Biden would be a liability to them in the 2024 election, they secretly organized a coup against their party's incumbent presidential nominee using threats to invoke the 25th Amendment. As a result, Biden despises Pelosi and Obama, Pelosi and Obama despise Biden, Hillary despises them all, and other party members despise Barack Hussein Obama for participating in the coup.

The party's Bolsheviks -- about half its elected officials -- consider the party's dinosaurs to have betrayed their revolution. This is true of AOC (Bolshevik-Puerto Rico) and the rest of *The Squad*, each of whom **"has a lean and hungry look."** *The Squad* and Pelosi now hate Senator Chuck Schumer (D-NY) for voting in favor of the recent *continuing budget resolution* instead of allowing a government shutdown. Likewise, Schumer hates critics like AOC and *The Squad* for challenging his leadership and demanding that he resign as *Senate Minority Leader*. AOC even intends to challenge Schumer for his Senate seat. Marxists do NOT relinquish power without a considerable letting-of-blood.

"A Lean and Hungry Look"?

Even their comrades in the Jews' Media routinely acknowledge *on-air* that the **"Democrat"** Party -- to which they all belong -- have no message, no leadership, and no political agenda beyond acquiring

power. Instead, all they do is attack and vilify President Trump, but that's not a message, a political agenda, nor evidence of the capacity to lead. This opinion is even heard regularly from their comrades on the *Communist News Network (CNN)* and *MS-NBC*, the *Mediocre Spooks of the Nigra Broadcasting Corporation*.

Even more catastrophic, the party is completely and utterly disconnected from the needs and wants of normal Americans. Most elected officials in the "*Democrat*" Party live in an echo chamber where, for 50 years, they've been protected by the Jews' Media from ever having to defend their own traitorous and delusional policies. They still fail to understand why Americans don't want 21 million unvetted illegal aliens running around, or why we don't want biological males competing against girls in sports, or *nancying* around in girls' restrooms and locker rooms.

Watching this newest generation of unabashed communist traitors displace equally traitorous "*Democrat*" Party dinosaurs — who have lied to the American people and misled the nation for decades -- has put a smile on my face and a song in my heart. It's a lovely example of "*poetic justice*," because the very people who have worked so diligently to destroy America are finally getting a well-deserved dose of their own medicine, and from elements even more stupid, more ignorant, and more traitorous than themselves.

It couldn't happen to a more deserving bunch...
