

Stepford Children

by Earl P. Holt III

During the *Spanish Civil War*, one of Franco's Generals claimed the Nationalists possessed a "***fifth column***" in Madrid. This was a secret cell of combatants, patiently waiting to attack the Loyalists when the signal was given. Here, in 21st Century America, the left has a similar *fifth column* consisting of soulless mercenaries who are ready and willing to engage in arson and violence at the drop of a hat. They are sociopathic and Marxist, differing little from Stalin's Bolsheviks, but they call themselves *Antifa*, "*Anarchists*," BLM and *Code Pink*, among other varieties of concealment.

They made their debut during the "*Occupy Wall Street*" movement in September of 2011, then quickly crawled out from under their slippery rocks to engage in arson, vandalism and murder on a grand scale by orchestrating the *George Floyd* riots of 2020. In 2023, they seamlessly transitioned into violent pro-Hamas and pro-Palestinian demonstrators at some of our once-prestigious universities. Lately, they've been conscripted to demonstrate in ***SUPPORT OF*** federal government waste and fraud by burning *Tesla* vehicles and torching *Tesla Dealerships*.

It's impossible to reason with sociopaths and psychopaths. These Stepford Children are society's sorriest losers, the fools who earned worthless but expensive degrees in "*Queer Studies*," "*Black Studies*," "*Feminist Studies*," or Marxism. Yet, their understanding of their own political-economic system remains dismally below that of their peers who never attended college. In sum, they are unemployable due to their laziness, lack of useful skills, feelings of entitlement and a twisted world-view. Many are now unemployed 30 year-old parasites, haunting their parents' basements and waiting for the revolution that will grant them the power and wealth they feel has wrongly been denied them.

Stalin had a special name for those in the West who naively supported his Bolshevik Revolution: he called them "*useful idiots*," and vowed to hang them first. He recognized that most are too ignorant, stupid, lazy and gullible to be of any value following a Marxist revolution, so afterwards, they must be dealt with swiftly to avoid their getting in the way of the serious business at hand. But that doesn't mean that they aren't useful in helping to foment the chaos that is intended to trigger the revolution they all crave.

The Bolsheviks were a small party in pre-Soviet Russia, but the political instability following *World War One* and the *Russian Revolution* allowed them to exploit the resulting chaos and seize power. That's the template these *Stepford Children* hope to duplicate here in America, in order to generate an "*American*" Bolshevik Revolution. They intend to achieve this end with activities that are intentionally disruptive and chaotic, which they will then exploit to "*transition*" America into a socialist nation.

For example, many are **pro-abortion demonstrators** threatened and stalked those U.S. Supreme Court Justices who wisely and courageously overturned *Roe v. Wade*. In its *Dobbs* decision, the Court returned power to individual states to determine their own abortion policies,

rather than perpetuate the evil myth -- concocted from thin air -- that the Constitution recognizes a "right" to abortion. On a nightly basis and for many months, angry demonstrators harassed Justices Kavanaugh, Thomas, and others by demonstrating outside their residences, in violation of **18 U.S. Code, Section 1507**. This was done solely to intimidate and unduly influence these courageous jurists.

Other Stepford Children are pro-Hamas, **anti-Israel demonstrators** who have shut down American universities over the past year. Their ostensible purpose is to protest Israel's retaliatory strikes against *Hamas* following the latter's massacre of 1,200 innocent Israeli citizens in October of 2023. Most student demonstrators are dilletantes, so when questioned by the news media, few could offer a coherent explanation for the reason they were demonstrating. Many are too ignorant and doltish to recognize they've been misled by professional agitators, who fund and organize their pro-genocide activities against Israel.

Pro-Hamas, Anti-Israel Demonstrators

Likewise, on February 1st of this year, thousands of Third World trash and their ideological sympathizers shut down L.A.'s 101 freeway to protest President Trump's deportation of illegal alien criminals. To demonstrate their loyalty to America, they waved Mexican Flags and the flags of other Latin nations -- and burned the American Flag -- as they **halted traffic** for five hours. It's unlikely that many recognized the irony, but they were effectively demonstrating in support of violent and criminal gangs like *MS 13* and *Tren de Aragua*, which have terrorized many U.S. cities and killed a lot of innocent people.

Shutting Down the 101

Many of these same *Stepford Children* worked tirelessly in 2020 for the **Democrat National Committee** (DNC,) by canvassing barrios and ghettos to **register voters**, whether illegal otherwise. The "*Democrat*" Party was then able to mass-mail ballots to every ostensible "*Registered Voter*," whether or not they were legal, dead, under-age, or the family pet. This

permitted these "*citizens*" to vote in the 2020 National Election, granting "*Democrats*" a wholesale theft of the presidency. Millions of those ballots were collected by these sociopaths, then illegally voted by *proxy*, and eventually dumped illegally into *Zuckerberg Ballot Collection Boxes* under the cover of night.

These self-styled "*victims*" are easily mobilized to protest against what they perceive as the sources of their victimhood. Since Marxism is the ideology of envy, that is the source of their rage. Some are pro-abortion, others are queer, some are Marxists, some are mailbox watchers, others are over-educated and unemployable, while still others are the very beneficiaries of government waste and fraud. As in the case of current "*Hands-Off*" protests, many actually oppose reforms that will be directly beneficial to themselves in the long run, but are too stupid to recognize it.

A recent survey by the ***Network Contagion Research Institute*** (NCRI) indicates that 55 percent of those self-identifying as left-of-center believe the assassination of President Trump would be justifiable. 48 percent of these leftists believe the assassination of Elon Musk would be equally justified, presumably because of his role in the ***Department of Government Efficiency*** (DOGE.) Two of these sociopathic and abject losers have already attempted to assassinate Donald Trump.

What these *Stepford Children* exhibit is a condition I've described as a ***Delusional Psychosis with Ideological Manifestations***. It is exhibited by people who have remained so committed to Marxist ideology -- and for so many years -- that Marxism's dogmas eventually become hard-wired in their brains. They are no longer functioning human beings who are influenced by facts, evidence, logic or reason. Thus, when their utopian dreams are crushed, it ultimately manifests in rage, destruction, and psychotic delusions that lack any human impulse or instinct.
