

WHUFFO ? (Ebonics for WTF?)

I♥Karoline Leavitt! In a March 17th press conference at the White House, Peter Doocy of **Fox News** informed Trump's Press Secretary, Karoline Leavitt, that some French official declared that the U.S. has strayed so far from the ideals of the *Statue of Liberty*, that he demanded we return it. She responded: ***"It's only because of the United States of America that the French are not speaking German right now."***

I'll bet my life that no one involved in the *SpaceX* rescue mission of those two astronauts was ever taught "*Ethno-Math*" having no wrong answers...

Joy Reid has been fired by the MS-NBC, the ***Mediocre Spooks of the N*gro Broadcasting Company***. Scum like Joy Reid have legitimized use of the word n*gger, once again.

***"Populist"* movements evolve when average citizens begin to recognize that they have more sense and better judgement than the *douchebags* who govern them.**

Someone needs to ask Congresswoman Ilhan Omar (Communist-Somalia) if she consummated her marriage to her brother when she married him to fraudulently obtain U.S. citizenship.

After listening to the hysteria, threats and profanity from morally and mentally deficient black "*Democrats*" in Congress, I've been inspired to revive my *Halfway Back to Africa* program. (Donations are welcome.)

"Democrat" participation in *Senate Confirmation Hearings* over Trump nominees are really just an audition to see who should lead their party,

and who should be its presidential nominee in 2028. Their objective is to find the biggest liars out there, but there's a lot of competition.

The Jews' Media are now outraged over a *WALL STREET JOURNAL* article describing how they and the White House staff hid Joe Biden's mental deterioration from the public for four *loooooong* years. All they're really doing is covering their asses after intentionally hiding a scandal that even the natives of Bora-Bora recognized at least four years ago.

In early February, many demonstrators in L.A. began blocking roads and highways to protest Trump's deportation of illegal *Third World* garbage like themselves. They also burned the American Flag, and many waved flags of their nations of origin. This proves their disloyalty and lack of assimilation. If they had been arrested by police for blocking traffic, many would have proved to be illegals and then moved to the head of the line for deportation. **(We don't have enough welfare in this country for any more morons...)**

Trump Has Their 6: Following the presidential election, by December of 2024, the U.S. Army had its HIGHEST recruitment numbers in 12 years. By the end of January of 2025, it had the HIGHEST recruitment figures in 15 years. The explanation is simple: few people with a brain were willing to enlist in the U.S. Military when its *Commander-in-Chief* was a senile and incompetent traitor. That ugly fact was exposed by our disorganized retreat from Afghanistan in August of 2021, the first year of Biden's administration.

The dilettantes at *Martha's Vineyard* have been extremely critical of President Trump's efforts to purge illegal alien rapists, murderers, and known terrorists from America. *Martha's Vineyard* is where Florida Governor Ron DeSantis sent 100 illegals in 2021, which these liberals

evicted within 24 hours. **(Now that Trump is president, virtue-signaling just doesn't work any longer.)**

When Maxine Waters (Moron-Nigeria,) and other lunatics tried to gain entrance to the *Education Department* building in Washington, they were prevented from entering by a security guard. Several times she demanded to see his I.D., and he obliged the first time. After repeatedly refusing them entrance, she insisted on seeing his I.D. a second time, but he refused the second request. **What's interesting is that she was insistent about seeing his I.D., but she's deathly opposed to requiring a photo I.D. to VOTE in America.**

Catholicism's first Marxist Pope has attacked President Trump for deporting illegal aliens from the U.S. Perhaps someone should inform him that those who illegally enter the Vatican are **FINED** and **JAILED** for doing so. **(This guy is a living and breathing repudiation of the *Doctrine of Papal Infallibility*.)**

Israel's Prime Minister Benjamin Netanyahu has repeatedly stated that **"Donald Trump is the greatest friend that Israel has ever had."** Yet, 73 percent of America's Jewish voters cast their vote for Kommie Harris. Jews may be highly intelligent as a race, but in general, their judgement is **EXTREMELY DEFICIENT** and it's particularly evident in the realm of politics.

A citizen of the U.K. was stabbed in the neck and eventually died after several days on life-support. She was employed at an *"accommodation center,"* set up for illegal aliens seeking asylum in the U.K., such as the one who murdered her. According to **THE SUN**, her murderer **"arrived in the UK in July after crossing the Channel in a small boat. He had no documents and applied for asylum."** Her murder stemmed from a dispute over a packet of biscuits.
