

# The Stench of Mendacity

by Earl P. Holt III

By now, even "*Democrats*" should recognize that bald-faced lies are the second most important electoral strategy of the ***New Communist Party of the USA*** (NCPUSA,) often ludicrously called the "*Democrat*" Party. To the NCPUSA, the significance of lying is second only to voter fraud in priority. In the past, the NCPUSA was able to get away with endless lies because they were never held to account by their ideological comrades in the fake news.

The lies of the NCPUSA have been exhaustively reported by myself and many others in the alternative news media. Thus, Hunter Biden's laptop was **NOT "*Russian Disinformation*,"** Trump did **NOT "*conspire*"** with Russia to steal the 2016 election, our southern border was **NOT "*secure*,"** Biden's double-digit inflation was **NOT "*transitory*,"** Obama's *Iran Deal* was **NOT "*working*,"** violent crime did **NOT "*decline*"** during Joe Biden's presidency, and the *Biden Family Crime Syndicate's* receipt of \$23 Million from communist China was **NOT "*a conspiracy theory*."** (See Earl Holt. "*Fact-Checking Trump*." **CITIZENS INFORMER**, March of 2021.)

The basic strategy of NCPUSA is to lie with abandon to camouflage their own treachery and incompetence, knowing the **fake news** industry will rescue them with a chorus of fraudulent narratives that overwhelm any truthful and accurate reportage. This is a tactic by the fake news media to protect their political allies in the NCPUSA. They provide **"cover"** for the NCPUSA's **endless lies**, just as surely as their comrades in the federal Jewdiciary ignore the Constitution and federal statutes in order to hamstring President Trump or other conservative reformers.

That lying, traitorous *douchebag*, Chuck Schumer (Menshevik-NY,) recently provided a perfect example of what these mendacious and

soulless bastards are capable of saying to assist their cause. When the **Mexican Navy's** tall-masted sailing ship **(the Cuauhtémoc,)** hit the Brooklyn Bridge on May 17th, Schumer immediately blamed the incident on budget cuts by Trump's new **Department of Government Efficiency** (DOGE.) The Coast Guard soon corrected the record, stating that the incident occurred because the vessel lost power and drifted into the bridge. However, Schumer knew that ***a lie is halfway around the world before the truth can get its boots on.***

***Cuauhtémoc Hitting Brooklyn Bridge***

Likewise, some very stupid NCPUSA members recently made a *cause celebre* out of an illegal alien they deviously referred to as **"Maryland Man,"** who they claimed was illegally deported without cause to a Salvadoran prison by Trump's immigration authorities. The NCPUSA loves illegal aliens because their dwindling membership requires illegal

votes. After several delegations of Congressmen traveled to El Salvador to publicize *Maryland Man's* plight, Trump's **Department of Homeland Security** released his *rap-sheet*, which included human smuggling, MS-13 membership, and two domestic violence charges committed against his wife. That ended the crusade of the NCPUSA and fake news media on behalf of *Maryland Man*.

**Sen. Van Hollen (D-MD) & "Maryland Man"**

Still desperately searching for any issue with which to attack Trump, the NCPUSA then accused Trump of heartlessly **deporting children**. Thus, the same NCPUSA and fake news media that showed **NO** interest in the whereabouts of 325,000 missing children -- who were callously trafficked into the U.S. under the Biden regime -- suddenly went ballistic over *three* children deported by Trump. It's true that three children *were* recently deported along with other adult illegals: however, it turns out that the

three were children of illegals undergoing deportation, and their mothers requested that the children remain with them

The same lying @sshholes in the NCPUSA and fake news media -- who spent four years denying Joe Biden's obvious **vegetative state** and attacking those who acknowledged it -- are now writing books to profit from their own lies and deceit. Every one of them routinely lied to the nation while claiming that *"this is the best Joe Biden ever,"* or that *"he can see around corners,"* or that *"he exhausts his staff trying to keep up with him."* Biden was the figurehead for an unconstitutional proxy presidency, so they kept him propped up like the title character in the film, ***Weekend at Bernie's.***

Recently, the NCPUSA was exposed to be covering up for Biden's metastasizing prostate cancer. It has now invaded his bones and is at a ***stage four*** level. Revealing that diagnosis came far too late, because it clearly took many years to develop to stage four. The electorate should have known about his true condition years ago, before he ran for the presidency in 2020. Like his vegetative mental condition, the NCPUSA lied and covered up his cancer diagnosis, while fake news ignored his obviously declining health. As Greg Gutfeld indelicately put it (paraphrase,) ***"...they were so far up Biden's ass they should have diagnosed his prostate cancer."***

**The problem the NCPUSA and its fake news allies now face is that they have lied so many times to the American public that only dolts and cretins still believe anything they say. This is one reason the NCPUSA is coming apart at the seams, with several schisms erupting amongst its ranks. The fake news media's "*glue*" successfully held the NCPUSA's lies together for 70 years, but it has been dissolved by the alternative news media. Now, intelligent people are abandoning both the fake news media and its political party, the NCPUSA.**
