

Politically Tone Deaf

by Earl P. Holt III

Jesse Jackson's vision of a "**Rainbow Coalition**" is now an accomplished fact at the **New Communist Party of the USA** (NCPUSA,) often mistakenly called the "*Democrat*" Party. It has enthusiastically welcomed illegal aliens, communists, mentally-ill "*transgenders*," pedophiles, pederasts, criminals, welfare scammers, *Jihadist*-supporters, race-hustlers, and even Chinese spies. Yet, in return for the electoral support each group provides it, the NCPUSA is often obligated to endorse and support the political agenda of each group, no matter how unsavory or unpopular.

That is, to keep its coalition of rabid and loathsome elements intact, the NCPUSA must often adopt the most radical, unpopular, crazy, illogical, and least defensible positions imaginable on a variety of significant public issues. While doing so, it somehow remains oblivious to this fact, and appears destined to allow the most radical and delusional elements in its party to dictate its agenda. When a political party becomes increasingly tone-deaf with every position it takes, there's a malignancy involved and not mere incompetence. Here's how Greg Gutfeld of **Fox News** recently described it (paraphrase) on his show:

"...as the so-called moderates have fled, the only people left are the obnoxious nutters...It's why the party can't distance itself from extreme positions, and why the extremists won't distance themselves from it. So, as the party becomes increasingly isolated, filled with cretins too crazy to go anywhere else, it becomes even more radical. It's like an insane asylum where the only patients left are the ones who aren't welcome anywhere else."

For example, many foolish cities, counties and states controlled by the NCPUSA have declared themselves to be "**sanctuaries**" for illegal aliens.

Their obvious purpose is to prevent U.S. immigration authorities from executing our immigration laws. In practice, they hinder the deportation of criminals and terrorists, freeing many to rape or murder law-abiding Americans. However, since illegal aliens are a new NCPUSA voting constituency, the NCPUSA must condone not only sanctuary zones, but also felonious illegal aliens and those violent demonstrators who riot in support of both. This is probably a 90/10 issue on which the NCPUSA has managed to choose both the immoral *and* losing side.

Those pro-immigration demonstrators are currently **rioting** in **BLUE** cities dominated by the NCPUSA. They commit arson and attack police in an effort to demonstrate their solidarity with felonious illegal aliens on their way to their well-deserved deportations. Their funding comes from sinister organizations aligned with the NCPUSA, and it is invariably NCPUSA officials in **BLUE** cities who order police to "*stand down*," rather than allow them to engage in crowd control and arrest rioters. Here, again, the NCPUSA has chosen to side with dangerous illegals and violent demonstrators, rather than with law enforcement and public safety. Yet, 75 percent of Americans want to see illegals deported.

"We're here to commit the crimes that Americans won't do..."

Likewise, for a combined 12 years, the Obama and Biden regimes acquiesced in Iran's pursuit of a nuclear weapon, and also rewarded Iran for being the world's largest sponsor of terrorism by releasing *hundreds-of-billions* of dollars in frozen Iranian oil revenues. However, on June 21st of 2025, President Trump obliterated **Iran's nuclear weapons** facilities with a shower of 30-ton *bunker-buster bombs*. In response, many of the NCPUSA's leaders and members immediately called for Trump's third impeachment. The NCPUSA is so rabidly anti-Trump, it will even side with the world's primary sponsor of international terrorism over the security of America and Israel from an Iranian nuclear attack.

Another extremely unpopular NCPUSA position is its support for *transgendered* males competing against biological females in **athletic competitions**. The NCPUSA's "**Rainbow Coalition**" obligates it to occasionally support the agenda of its perverse membership, which is probably why it shows solidarity with this tiny minority of mentally-ill individuals. *Transgendered* males are perfectly free to compete against men rather than women in athletic competitions, but what they really seek is a license to **WIN** athletic competitions where they have an unfair physical advantage. Once again, the NCPUSA has unwisely managed to seize the losing side of another 90/10 issue.

The NCPUSA's political tone-deaf nature is also apparent when it comes to "**gender-transitioning**" of minors. It has found itself in the unenviable position of defending the fabricated "*right*" of adolescent children to "*choose*" their gender and thus be empowered to seek gender reassignment therapy or even **SURGERY**, and sometimes without parental consent. To placate the LGBTQ+ movement requires that the NCPUSA willfully ignore the fact that adolescent children have no understanding of the profound consequences of such a decision at that tender age. Once again, the NCPUSA has managed to position itself on the wrong side of another 90/10 public issue by favoring pederasts and greedy hospitals over parents and the kids, themselves.

"The Gender Counselors are here for their interviews..."

While Elon and his *Musketeers* in the ***Department of Government Efficiency*** (DOGE) were exposing hundreds of billions in **waste and fraud** found in Biden's 2025 Budget, the NCPUSA's elected officials were hysterically denouncing their efforts in the most venomous and libelous terms imaginable. There may be those who feel that spending \$8.3 Million ***"to study transgenderism in mice"*** is a good use of tax revenues, but they are few and far between, and even fewer are actual taxpayers. Once again, the NCPUSA has found itself on the wrong side of another 90/10 public issue, defending scammers and criminals over taxpayers.

Many Jewish students no longer felt safe at once-prestigious Eastern universities after *pro-Hamas* campus demonstrations regressed into threats and occasional acts of violence against Jewish students. These schools have abandoned *Student Codes of Conduct*, and have been subverted into cesspools of indoctrination in Cultural Marxism. To appease its new *pro-Jihadist* and anti-Semitic constituencies, however, even the NCPUSA's Jewish elected officials have been glaringly silent about Jewish persecution at these schools. Here, again, the NCPUSA has managed to *throw-in* with ***Jihadist proxies***, while opposing the 90 percent of normal Americans who are appalled by it all.

The tone-deaf nature of the NCPUSA has been evident for decades. If that party has retained any semblance of a *religious sacrament*, it's the principle of **abortion-on-demand**. Recently, that position has been expanded to include late-term abortions, and even what are euphemistically called "*post-partem*" abortions, which are nothing less than infanticide. Although the NCPUSA may lack compassion for the innocent victims of abortion, it has shown endless compassion for savage and blood-thirsty murderers through its opposition to capital punishment. Here, again, the NCPUSA has managed to seize the immoral position on both issues, without any recognition of the inherent hypocrisy in its paradoxical choices.

The NCPUSA's blind pursuit of power has left it completely and utterly disconnected from the needs and wishes of normal American citizens. Most elected officials in the NCPUSA reside in an echo chamber where, for 30 years, they've been shielded by their allies in the fake news media from ever having to defend their increasingly delusional, ridiculous and tone-deaf positions on public policies.

This has left the NCPUSA incapable of recognizing that Americans don't want to become another Third World cesspool, don't want illegal aliens voting, don't want biological males competing against females, don't want *"gender transitioning"* of minors, don't want the Yankee Government to squander our tax revenues, don't want our *institutions of higher learning* converted into Soviet reeducation camps, and don't want *abortion-on-demand* and *post-partum abortions*.
