

RINOs Exposed Themselves

by Earl P. Holt III

In 2024, 238 former RINO staffers of John McCain, Mitt Romney, and George Bush Senior and Junior signed an open letter endorsing the lazy, incompetent, empty-headed and Marxist niggress who challenged Donald Trump for the presidency in 2024. RINO disloyalty is hardly news, but at least they did us the service of exposing the true agenda of the *"UniParty"* to which they and their bosses have remained members in good standing.

These RINOs and their bosses watched passively as America's mortal enemies institutionalized **race quotas**, engaged in **massive voter fraud**, played *"Welcome Wagon"* to 21 million **illegals**, and blindly **"out-sourced"** 10 million manufacturing jobs to China. They funded **endless wars**, and helped accumulate a National Debt of \$37 TRILLION. Worst of all, you NEVER heard a word from these douchebags as, first a **coup**, then two **phony impeachments**, then endless counts of **"lawfare,"** and then two **assassinations** were attempted against Trump.

RINO Quislings With More Ambition Than Principle

Their letter initially attacks Donald Trump's foreign and domestic policy, declaring that *"...another four years of Donald Trump's chaotic leadership...will hurt real, everyday people and weaken our sacred institutions."*

WHERE ARE THEY NOW, WHO WOULD DENOUNCE TRUMP? In only six months, Trump successfully brokered peace between Pakistan and India, emphatically ended Iran's nuclear ambitions, brokered a ceasefire between Israel and Iran, and convinced NATO members to adequately fund NATO and Europe's own defense. Moreover, the border is finally secure, inflation has nearly disappeared, while pledged foreign investment and market indices continue to set records on a daily basis.

It's true that Trump's first term **WAS "chaotic."** That's because for two years he was forced to fend off a treasonous and unconstitutional **coup** by Obama's DOJ, FBI and CIA holdovers, based on fraudulent and perjured allegations of *"Russia collusion"* before a FISA court. Several of the conspirators are now under investigation. Trump was also forced to defend himself against the treachery of the **New Communist Party of the USA** (NCPUSA) -- wrongly and laughably called *"Democrats"* -- which brought two phony **Impeachments** against him.

Meanwhile, his efforts to close the border were obstructed by the *UniParty* and RINO quislings, who not only helped deny him funding for a **border wall**, but many even went so far as to support amnesty for illegals already ensconced here in *Los Estados Unidos*. Then, of course, there's the fake news' media, which relentlessly misquoted and twisted every word he uttered for five years.

HOW WELL WOULD THE BOSSES OF THOSE STAFFERS HAVE FARED AGAINST SUCH VICIOUS, DISLOYAL AND TREASONOUS OPPOSITION?

Their letter continued: ***"Abroad, democratic movements will be irreparably jeopardized as Trump and his acolyte JD Vance kowtow to dictators like Vladimir Putin, while turning their backs on our allies."***

It was their fellow *UniParty* members, consisting of the team of Biden & Harris, who funded Putin's invasion of Ukraine by un-freezing Russia's oil and gas revenues. And, isn't ***"turning their backs on their allies"*** **EXACTLY** what the Biden/Harris regime did to Taiwan, and also to Israel while it was at war with Iran's proxy, Hamas?

Likewise, what did the Biden/Harris Administration do to sanction or even protest stolen elections in Brazil and Venezuela during their watch? In fact, they released frozen Venezuelan oil and gas revenues **BEFORE** Venezuela's national election, granting Maduro *carte blanche* to steal that election as he had always intended. Kommie Harris, whom these idiots endorsed, was in office and a witness to all of this.

The insipid nature of these staffers and their former bosses is why Sam Francis called the GOP "*the stupid party*," and with very good reason. Their letter was really just sour grapes from RINOs who found themselves no longer employable in Trump's Republican Party. They can no longer find sinecures in D.C. because their donor class patrons and the GOP's political class no longer control and misdirect the Republican Party, as they have both done for the past 40 years. They have proved themselves unworthy to lead a boy scout troop.

Since 2016, their *UniParty* cabal has been out of power and *sh*t-out-of-luck* because their endless collaboration with the NCPUSA has been exposed for all to see. They can no longer conspire with the opposition to misgovern America or try to "*manage America's decline*." That endeavor became a self-fulfilling prophecy when their colluding with the NCPUSA became responsible for much of that "*decline*." Trump's dramatic successes make the efforts of RINOs and *UniParty* quislings look **TREASONOUS**, in contrast.

John McCain cast the deciding vote to salvage ***The Affordable Care Act*** ("*Obamacare*,") the worst legislation ever enacted in America. Equally despicable, Mitt Romney twice voted to Impeach Donald Trump based on what he **HAD** to know were concocted and fraudulent claims by a treasonous and disloyal opposition.

George Bush Senior repeatedly lied to the American People in his 1988 campaign by vowing, "*Read my lips: no new taxes*." After the election, he quickly betrayed his promise, his party, his country, and everyone but his fellow *UniParty* members by raising taxes, thus ending the *Reagan Revolution*. His fellow RINOs, the *UniParty* and the **WASHINGTON POST** convinced him to do so.

Also, Bush Senior foolishly sent Americans into Somalia to end its civil war, immediately before the 1992 presidential election, naively

assuming that blacks would give him electoral support for this "*virtue signal*." His "*mission creep*" cost the lives of *Army Rangers*, *Delta Force* members, and *Air Force Pararescuemen* by embroiling them in a war between rival gangs. Deceased American heroes were dragged through the streets of Mogadishu by cheering black savages that they had originally come to protect.

Best Friends Forever

Likewise, George Bush Junior initiated a pointless 20-year war in the Middle East by altering our mission from killing Islamic Jihadists and terrorists, to his newly-inspired mission of converting 13th Century Islamic Theocracies into pluralistic democracies. That "*mission creep*" cost **TRILLIONS** of dollars and the lives of thousands of American heroes, as well as tens-of-thousands who were permanently disfigured.

NONE OF THE FOUR SHOULD EVER HAVE RECEIVED THE REPUBLICAN NOMINATION TO RUN FOR PRESIDENT, AND NONE WOULD HAVE BEEN NOMINATED HAD THE *DILETTANTES* IN OUR DONOR CLASS NOT CONTROLLED THE REPUBLICAN PARTY TO ITS DETRIMENT.

The presidency of Donald Trump is a repudiation of the flawed 40-year treasonous “*leadership*” of our self-anointed donor class and its RINO henchmen. That's why the Republican donor class worked so hard to defeat Trump in 2016, and then later attempted to destroy him. By exposing their profound disloyalty and terrible judgement, these 238 quislings and their equally reprehensible bosses exposed themselves for all the world to see. They are empty suits with a grudge.

Trump's takeover of the Republican Party is serendipitous for many reasons, but none more so than for its purge of RINO and *UniParty* traitors, who solicited our donations for 40 years, but then shamelessly collaborated with the NCPUSA to subvert America. That purge continues.

A pox upon them and all their ilk !
