

What a Friend We Have in Zohran...

(On June 24th, New York City Democrats elected a Marxist and pro-Jihadist named Zohran Mamdani to represent their party in the November, 2025 New York City Mayoral Election.)

What a friend we have in Zohran !
Red State prayers are answered now;
Each of his voters is a moron
Those with brains are saying *ciao*.

Grocery stores owned by the city
While higher taxes soak "*the rich*";
Trannies each get a free "*kitty*"
These and more, his campaign pitch.

Zohran's voters will deserve it
Financial pain they'll have to bear;
Say goodbye to *Gotham's* credit
New York doesn't have a prayer.

There's not been a better time to
Exit New York while you can;
Don't stay and wait for some vague cue
To get away from this vile man.

It's certain, Zohran will flame-out
Then come to DC, *hat-in-hand*;
To beg Congress for a bailout
I hope he's told to go pound sand...
