

Zohran-the-Moron

**Like Castro in Havana
He took New York by storm;
His endless theorizing
Straight from his college dorm.**

**With Marxist "*economics*"
A pro-Jihadist, too !
Pitching endless giveaways
and free incomes to boot.**

**The devil's in the details
A fact he never learned
while working for his mommy
But not *real* jobs he spurned.**

**Blind to worldly evidence
Oblivious to Marx;
Not knowing Karl from *Groucho*
Pervading his remarks.**

**He's never heard of Pol Pot
Or Stalin, it would seem;
Nor knows that Mao and Hitler
Were also on his team.**

**Marxism's latest *ingenue*
Like all the ones before;
Can't help expose his nature,
a narcissistic bore.**
