

WHUFFO ?

(Ebonics for WTF?)

by Earl P. Holt III

Stephen A. Smith: *ESPN* celebrity Stephen A. Smith (the "A" is for @sshole) recently blamed the **N*gger Basketball Association's** (NBA) massive gambling scandal on Donald Trump. His "*reasoning*" -- if you can call it that -- had something to do with casinos that Donald Trump owned in Atlantic City, New Jersey.

For a year I've watched hosts like Sean Hannity on **Fox News** and **Newsmax** give credibility to this doltish orangutan by frequently soliciting a comment from him or an interview. There he was often treated like the *Oracle at Delphi*, although he's really just a phony race-hustler like all the others. He is also narcissistic and egotistical enough to think he might successfully run for the presidency.

The NBA has a gambling scandal, and so does **Major League Baseball**. That's because blacks are prominent in both, and where you have blacks, you have corruption. It's just that simple.

Pope Leo: The new pope claims that people who call themselves "*Pro-Life*" can't also support capital punishment. Pope Leo sounds as foolish as his predecessor, Pope Francis. He must assume that the murderers on death row are equally as innocent as the unborn victims of abortion. This is one more nail in the coffin of "**Papal Infallibility.**"

Jungle Bunny: The craven cowards who run the **N*gger Football League** (NFL) have, once again, selected a Puerto Rican n*gger *crap* artist to perform during the *Super Bowl's* half-time performances. His name is "**Jungle Bunny,**" or something like that. He has already alerted us to

what's in store: as he so eloquently put it, the "*revolution 'bout to be televised.*" (He be Kendrick Lamar fo' real.) I won't be watching...

A More Appropriate Forum...

HUMOR?: Speaking of football, a sports reporter recently asked a fan of the *NFL's Tennessee Titans* what he would be willing to sacrifice in order for the *Titans* to win a *Super Bowl*. His ANSWER: "*Women's Rights.*" (Don't blame me, I'm just the messenger...)

Kash Patel: In less than 33 hours after Charlie Kirk's assassination, FBI Director Kash Patel held a press conference to announce the arrest of Kirk's assassin. In referencing the speed with which the FBI and Utah state and local law enforcement officials made the arrest, FBI Director Patel's first statement was memorable: "*This is what happens when you let good cops be cops.*" That was clearly **NOT** the case during the Obama and Biden Administrations. It's not the case in New York City, Chicago, Seattle, Portland, or L.A., either.

Charlie Kirk: For many *Gen Zers*, the assassination of Charlie Kirk was like the loss of MLK to blacks in the late 1960s, the loss of JFK to Roman Catholics in the early 1960s, and the loss of Lincoln to abolitionists in the 1860s. You never really get over it, because the sting from such a horrific event never completely fades away. That's why most people can recall where they were and what they were doing when they first learned of such a tragedy.

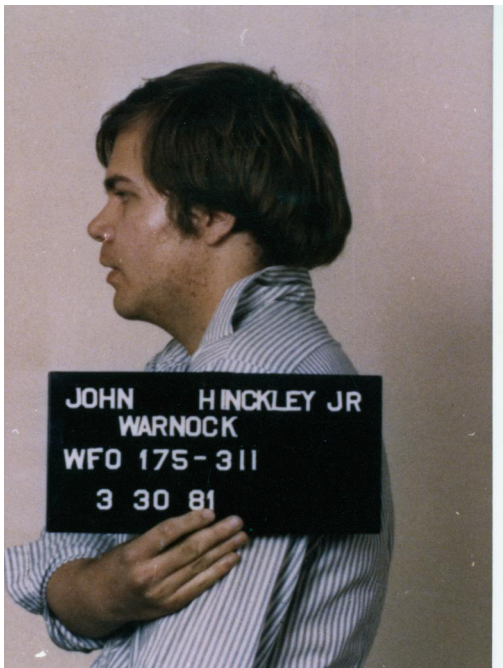

"*The Gutfeld Show*" on **Fox News** is not like the echo chambers of the left. Republicans, Independents, and former "*Democrats*" regularly appear on that show with conservatives and libertarians. Most guests are Roman Catholics, Protestants, Jews, and even some non-believers. The first episode of "*Gutfeld*" following Charlie Kirk's assassination was initially subdued, but hosts and guests soon did what they always do: **they sat and listened to each other respectfully, even when they weren't in agreement, and laced their conversations with humor.** That's what Charley Kirk expected of us, and probably what Lincoln called "*the better angels of our nature.*"

Crazy, Again: For those who weren't of age or even alive in the 1980s, John Hinckley shot and nearly assassinated President Ronald Reagan in March of 1981 in order to impress actress Jodi Foster. Hinckley had a condition that today would be diagnosed as a *Delusional Psychosis with Erotic Manifestations*. Hinckley must have read that Jodi Foster was unhappy with Reagan's landslide election in November of 1980 -- in which *The Gipper* won 44 states -- and Hinckley wished to appear heroic in Foster's eyes by assassinating him.

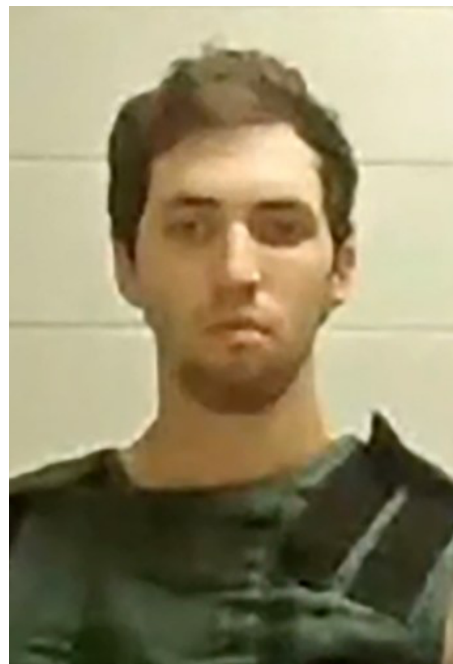

Likewise, I see that Charlie Kirk's assassin, Tyler Robinson, was in a romantic relationship with a "*transgendering male.*" (I'll bet his parents were proud...) Tyler Robinson was probably trying to impress *his* love interest, just as Hinckley tried to impress Jodi Foster. Both were deluded

into assuming that by assassinating someone their *love interest* considered a threat, they would become heroic in that person's eyes.

Tyler Robinson was probably also virtue-signaling to that dark corner of the social media septic tank inhabited by mentally disturbed transgenders, "*furries*" and other perverts. His fans can write him in prison, but they better not procrastinate for too long over their marriage proposals, because he'll be facing a Utah firing squad soon enough...

Karine Jean-Pierre: This clueless individual is on a tour to promote her new book. At each stop she reiterates why a moron like Joe Biden would choose her to be his Press Secretary. She repeatedly declares that she was "*historical*" because she's a n*gger, a lesbian, (and the dumbest Press Secretary in history.) On the ***NEW YORK TIMES*** bestseller list, her book ranks in the 27,000s. She is still lying, and like everyone else, probably hasn't even read her own book.

Leftist Jews: I recently wrote that *"In general, Jews are highly intelligent as a race, but their judgement is often EXTREMELY DEFICIENT, and nowhere is that fact more strikingly evident than in the context of politics."* (Earl Holt. *"Trump's Jewish Enigma."* **CONSERVATIVE-HEADLINES.ORG**, April 28, 2025.) A pre-election poll of New York City Jews found that 38 percent favored Zohran Mamdani for NYC Mayor. (Oy Vey!)
