

## Why "Democrats" ❤️ Illegals

by Earl P. Holt III

It's obvious why the "Democrat" Party found itself in the kind of predicament where it was forced to import Third World garbage to maintain its numbers and fill its ranks of voters. Over the course of three decades it has coolly abandoned many traditional "Democrat" Party constituencies, while at the same time it welcomed communists, Jihadists, transvestites, terrorists, pedophiles, socialists, criminals, nudists, tree-huggers and nose-pickers. The misnamed "Democrat" Party is now dominated by ideological lunatics, and many in its old guard, like Pelosi and Schumer, are terrified of their growing influence.

The **"Pro-Life" movement** was among the first constituencies that "Democrats" coolly abandoned after relentless pressure from "feminists" within the **Ladies' Auxiliary of Marxism**. *Abortion-on-demand* is as close to a "religious sacrament" as feminists are willing to acknowledge, even though most are too ugly to get impregnated in a men's prison. The party's betrayal of pro-life Christians, formerly a large part of their core constituency, was predictable long before the Supreme Court fabricated a "right to abortion" in **Roe v. Wade** (1974.) "Democrats" are now in the unenviable position of supporting infanticide, up to and including a live birth. Meanwhile, they *oppose* capital punishment.

Supporters Abandoned by the NCPUSA

Pro-Life

**White males** are another constituency "*Democrats*" discarded, a phenomenon that probably occurred within the past two decades. Party leaders shrilly demanded that white males be disempowered -- except wealthy Jewish donors and Hollywood celebrities, of course! -- as an expeditious way to hold its "*Rainbow Coalition*" intact. Meanwhile, the children of white males were required to attend dangerous, integrated schools, where they were indoctrinated with Marxism, CRT and transgenderism, taught "*math with no wrong answers,*" and school doors were slammed shut to combat COVID. Adding insult to injury, their tax dollars were handed to illegal aliens who often turned out to be dangerous criminals. White males no longer need apply.

"*Democrats*" have also surrendered their traditional **support for Israel**, and now side with Islamic radicals and Jihadists who share its ruthless quest for power at any cost. Even Marxist Jews in the party have forsaken the God of Abraham and Isaac for their new and more fashionable "*gods*" of Marx, Lenin, and Saul Alinsky. "*Democrat*" support for Israel eventually became a political burden that had to be sacrificed in order to appease the growing Muslim trash within the party, such as Ilhan Omar (Grifter-MN-5,) Hakeem Jeffries (Baboon-NY-08,) and Rashida Taliban (Hideous-MI-12,) in addition to pro-Hamas dilettantes at a variety of once-prestigious universities.

**SEDITIONOUS TRASH: Omar, Jeffries & Taliban**

Curiously, 4,000 year-old Western institutions like **traditional marriage** and the **nuclear family** were suddenly forsaken by "*Democrats*," this time to placate the various queers, perverts, homos and circus freaks the party has welcomed into its fold. Thus, support for the nuclear family, with its basis in traditional marriage, was soon abandoned in favor of new variations of "*families*" possessing two mommies or two daddies, or even MORE perverse combinations involving three "*parents*."

Queer scoutmasters, queer marriage, queer adoption, "*transgender*" bathrooms, gender counseling, transgender surgeries for children and similar outrages were certainly not advocated by any Republicans outside of the *Log Cabin Club*, but they are prominent in the "*Democrat*" Party's *playbook*. God and the Bible became a subject of ridicule within the "*Democrat*" Party because Karl Marx is a very jealous god.

**Perverts Sure Do LOVE Kids !**

By the late 1990s, "*Democrats*" also found it expedient to betray **working-class Americans** of all races, its most loyal constituency for more than 100 years. To its wealthy donors, the cheap labor available in China outweighed party loyalty, so tens-of-millions of manufacturing jobs

were "out-sourced" and "off-shored" without a peep from servile labor unions. Traitorous union bosses never blinked an eye because their primary source of power and influence is their aggrandized role in the "Democrat" Party. Yet, Hispanics and blacks recognized exactly what *outsourcing* meant for them and their families, and jumped to the GOP in droves during the 2024 elections.

The most recent example of "Democrat" expediency is its desertion of **female athletes**. Their hard-won battle for equal funding of women's sports through Title IX has been subverted by biological males who masquerade as "transgenders," and who demand the right to compete against female athletes and usually triumph. In a party that's afraid to define what a woman is, "Democrat" elected officials lack the courage and decency to denounce this outrage. So-called "feminists" remain silent as well, a profound betrayal of the *sisterhood*, because to oppose transgendered males competing in female sports would expose their fraudulent mantra that "*gender is a false construct.*"

**"Female" Weight-Lifting World Record Holder**

The catastrophe on our southern border is another example. The NCPUSA immediately implemented an open-border policy in January of 2021 that welcomed 20 million unvetted illegal aliens into our nation in just four years. This was an affront to every **legal immigrant** in America, each of whom was required to satisfy a number of conditions that were demanded of them prior to their becoming legal citizens. It also disregarded every **legal American citizen**, whose right-to-vote has been diluted by voter fraud committed by illegals. Illegal aliens also add insult to injury, because billions in tax revenues have been diverted to subsidize these illegal and parasitic foreign nationals, whose needs are infinite.

The "*Democrat's*" final disgrace has been to desert honest, decent and **law-abiding Americans**. By opening our southern border to a tsunami of Third World garbage, criminals and terrorists, this party of lunatics and incompetent misfits has put every decent American at risk. The horrific rape and beating death of Laken Riley -- by a psychopath flown here on one of Joe Biden's clandestine jet flights from some Third World shithole like Venezuela -- should be a wake-up call, even to ignorant, dishonest and brain-dead "*Democrats*."

The disloyalty shown by "*Democrats*" to many of its oldest and most loyal constituencies clearly exposes its lack of any moral principles. Like Ronald Reagan said in the 1980s, "*I didn't leave the Democrat Party, it left me!*" Its members are willing to say and do **ANYTHING** to advance and consolidate their political power, including the support of traitorous and anti-democratic ideologies.

**It also exposes how committed "*Democrats*" are to a "*divide and conquer*" strategy to subvert America in its relentless quest to deliver us into the international socialist orbit and "*One World Government*." If that should ever happen, so-called "*Democrats*" know they will never again have to worry about losing elections because there won't be any.**
